Refined and joyful living!

When We Work Together

Our Business Principles

Client Collaboration

We believe that great design is a collaborative process. We work closely with you every step of the way, encouraging feedback and input. Your vision guides us, and our expertise and experience ensure the project is executed flawlessly. We want you to feel involved, heard, and valued throughout the journey.

Commitment to Quality

Quality is at the heart of everything we do. From sourcing the best materials to working with highly skilled artisans, we make sure every detail meets our high standards. Our commitment to quality ensures that the spaces we create are not only beautiful but functional and long-lasting.

Transparent Communication

Clear communication is vital to a smooth project. From the beginning, we establish a clear line of communication, making sure you are informed and confident every step of the way. Our project coordinators provide regular updates, and we are always available to address any questions or concerns.

Timely Delivery & Budget Management

We understand how important it is to stay on time and within budget. Our efficient planning and project management ensures that your project is completed on schedule, and within the agreed budget. We are transparent about costs and provide clear estimates from the outset, minimizing surprises along the way.

Post-Project Support

Our relationship doesn't end once the project is completed. We offer post-project support, ensuring that you continue to enjoy your space long after the work is done. Whether it's for minor adjustments or further design projects, we're here to help you whenever you need us.

When We Work Together

Our Design Process

Step 1:

Consultation & Vision Setting

Every project begins with a thorough consultation where we listen to your needs, tastes and aspirations. Whether you're looking to renovate an existing space or create something entirely new, we ensure that we understand your vision down to the smallest details. We'll also discuss your budget, timeline, and any specific requirements.

Step 2:

Concept Development

Once we understand your vision, our team creates an initial design concept, incorporating your style, preferences, and functional needs. This stage includes mood boards, sketches and 3D visualizations to help you see the design come to life before moving forward.

Step 3:

Design Refinement & Planning

With your feedback, we refine the design, making adjustments where necessary. During this phase, we also begin to finalize the technical details, including layout, materials, finishes, and more. Detailed drawings, specifications, and a comprehensive project plan are created to ensure everything is on track.

Step 4:

Execution & Construction

Our team of skilled craftsmen and project managers brings the design to life. We manage all aspects of construction and renovation, ensuring quality control, adherence to timelines, and staying within budget. You'll have regular updates and check-ins to ensure you are always in the loop.

Step 5:

Final Touches & Handover

Once the project is complete, we pay attention to the finishing touches that turn your space into a personalized home or business. From installation of furniture and lighting to styling and décor, we make sure that every detail is correct. After a final walkthrough, the project is officially handed over, and your dream space is ready for you to enjoy.

When We Work Together

Ideal Design Brief: Points to Think About Before You Contact Us for Your Project

Project Overview

Purpose: Define the primary goal of the project (e.g., residential renovation, commercial space design).

Scope: Specify the areas to be designed or renovated.

Timeline: Outline the desired start and completion dates.

Design Objectives

Aesthetic Vision: Describe the desired look and feel of the space, try to find visual references.

Functional Requirements: List specific needs, such as storage solutions or accessibility features.

Budget

Total Budget: State the overall financial allocation for the project.

Target Audience

Primary Users: Identify who will use the space (e.g., family members, employees, clients).

User Needs: Highlight any specific requirements or preferences of the users.

Design Preferences

Style: Specify preferred design styles (e.g., modern, traditional, minimalist).

Colour Palette: Indicate favoured colours or tones.

Materials and Finishes: List preferred materials (e.g., wood, metal, glass) and finishes.

Functional Considerations

Space Planning: Discuss the desired layout and flow of the space.

Lighting: Specify lighting needs, including natural and artificial sources.

Ergonomics: Address comfort and usability aspects.

Additional Requirements

Eco-friendly Materials: Express interest in using sustainable or recycled materials.

Energy Efficiency: Mention any goals for energy-saving features.

Technology Integration: Note any smart home or tech features to be included.

Storage Solutions: Specify any particular storage needs.

With Gratitude

Dear Clients and Future Partners,

As we conclude this design story, we want to express our heartfelt gratitude.

To our past clients: thank you for trusting us with your dream projects. Your confidence and collaboration have been the foundation of our growth and the inspiration behind this collection.

To those considering working with us: we warmly invite you to join us on this journey of creativity and transformation. Whether designing anew or reimagining existing spaces, we are ready to bring your dreams to life with care, expertise, and passion.

This portfolio reflects the incredible partnerships that have shaped our work, and we look forward to building many more.

Let's create something extraordinary together!

Warm regards,

Sedef Duru
